In order to be a good track team, it takes a lot of hard work and determination. This year's team had that and it paid off. They finished the season undefeated (5-0) and won the North Kitsap Relays. This year there were two new hurdle events (110's and 330's) but the girls took them right in stride. The hurdlers were lead by Kochelle Kingman, Anna Frazier, and Jan Reynolds. Along with an undefeated season, NK had some undefeated runners. These were: 2 miler, Ann Armstrong; Miller, Corrine Calvo; and 880'er Colleen Calvo. The NK girls were also blessed with speed this year. This came with Freshmen Jill Boon, Kathy Miller, and Evon Ennix. The Viking team was also strong in field events. They were lead by Debbie Hewitt, Kathy Iverson, and Kochelle Kingman. The girls show strong promise for future teams. With the finish of a strong dual meet season, the girls hope to go right on to State.

As a junior, Ed was the district's singles champion and captured 4th place at state. Janice has been a member of the varsity team for four years. She is second on the all-time list for most career singles victories by a girl. Led by Ed and Janice, the team finished the season in second place, losing by the narrowest of margins to Gig Harbor. Meanwhile, the Junior Varsity team completed its first season with an undefeated record in league play. The players are looking forward to qualifying for the State Tournament.

VARSITY BASEBALL

The main goal of this year's baseball team was to play for the State Championship in the Kingdome. This year's team had many nicknames: Tony (worm) Webb, Jim (Ox) Heggenstaller, Greg (Dick) Ballard, Paul (Flex) Fisher, Tony (Feli) Trujillo, Scott (Sag) Sageser, and Virg (Red) Taylor. One thing that the team will always remember is when Greg Ballard tripped over first base. Another thing that the team will always remember is trying to imitate Coach Taylor's laugh and walk. This year's team had a very successful season. Congratulations, team!! They had a 13-5 record with 3 unplayed games.

JV BASEBALL: This year's JV Baseball team main goals were to pull together as a team and to gain experience for the future Varsity team. Some of the things that the team will always remember are when they played Bainbridge, and winning the double headers with Gig Harbor and Peninsula. Unusual incidents that happened were: John Ridge building sand castles at Gig Harbor, Jeff Reitan trying to whistle the National Anthem and playing "Name That Tune" with the rest of the team, and when Gig Harbor came here and we went to their school on the same day for the same game. What a mix-up!!! The team ended up with a season record of 8 wins and 6 losses. The team holds much promise with their valuable talent for next year's Varsity team.

This year's Junior-Senior Prom was one to remember for all. The Junior royalty was princesses Teri Alford & Colleen Calvo with princes Kurt Waggoner and Jace Cutler. The Jr. Queen was Corrine Calvo, the Jr. King was Pat Rodgers. The ViQueen this year was Lisa Maki, escorted by Viking Tony Karkanien. The theme this year was "Small Paradise," and the band was the "Ears." A good mixture of theme & band. Everybody will remember the joy and excitement of attending the prom and we shall also remember the agony of waking the next morning.

This year's football team had a tough row to hoe. Led by quarterback Kevin Mourer and running backs Alan Mace and Tony Webb. The Vikings were not an extremely powerful team, but with consistent offensive and defensive efforts by George Minder and Co., the team showed a lot of character through the hardest times. They showed this in their comeback attempt against Peninsula, the No. 1 rated AA school in the state. The Vikings ended their season with a 4-5 win loss record.

Football cheerleaders

The 1979 Football Cheer Squad consisted of seven very crazy girls. It included Teri (Alfie) Alford, Patty (Disco Pat) Albrecht, Teresa (Morganberry) Morgan, LeOnna (Twinkle Toes) Small, Terri (Fry-Baby) Fry, Grea (Speed Racer) Bean, and Vicky (Hot Hips) Xenos. The advisors were Mrs. Hill, Mrs. Goodwin, and of course, Coach Parrish.

The captain this year was Vicky. The girls sure laughed a lot, but who wouldn't when they did so many crazy things? Grae locked Vicky and Teresa in a laundry room, they crammed 12 girls into a Greyhound bus bathroom and they even had tried to hide Vicky's car from the cops. (?) Teri and Terri were always doing sign language with the cheers too.

The girls did a fantastic job representing the school and the senior girls, Terri and Vicky said this year's squad had been the best that they've been on.

Close, but no cigar. High hopes aimed for a state title as the season progressed. The girls remained unbeaten through their first four meets when they hit a streak of bad luck. N.K.'s top three runners got lost and lost the meet. However, they recovered quickly to capture the Seamount League's Sea Division Title and then to become the West Central District Champions. This year's boys basketball team got off to a slow start, but once they got rolling they really worked as a team. Part of this is due to a lack of experience in the beginning of the season. However, they got the game together and fought some real battles. Dan Butler was the team captain, as well as a super player. BOYS' VARSITY BASKETBALL

What do these eleven girls have in common? They all like to scream and yell and jump around almost every Friday and Tuesday Night. Why? For fun, what else? Cheerleading is fun but it is also a lot of work. They have to think up cheers, make routines, and practice, practice, practice. If they practice any more you would think that they were the basketball team.

The purpose of JV wrestling is to give wrestlers the experience that they need to become Varsity wrestlers. They learn the basics of wrestling and how to compete. The JV's are coached by Mr. Tucci.

WRESTLING WRESTLING WRESTLING

This year's wrestling team had a good season. Some outstanding wrestlers were Paul Brown, Warren Posten, and Jeff Lindgren. They had a pretty good team without their holes. They were forced to forfeit 129 and 135 weight classes for most of the season for a lack of these wrestlers. Congratulations on a fine season.

It's hard to be a wrestling cheerleader, but it's fun, too. Have you ever tried to cheer for a wrestling match? Well, it's a real experience. This year's wrestling cheerleaders were Lisa Gonyeau, Cathy Barlow, Charlotte Thomas and Kris Olsen. By the way, it wasn't all work, they had fun, too.

For the Love of

SENIORS SENIORS

Look at that BABY face!!

Another Monday.

WOW! Look at that!

Judy,
 Hope you make it big
 as a senior. It's no
 big deal until the last week.
 Have a fun life and keep
 singing. I should've
 stayed in Chorus. I like
 it better than what I took
 instead. Have fun
 Love, Tammy
 Sylvester

A black and white photograph capturing a large crowd of spectators seated in bleachers at a football game. The bleachers are filled with people, many of whom are wearing light-colored shirts. In the foreground, several players in dark jerseys with white numbers are visible. One player on the left is holding a large white circular object, possibly a towel or a flag. Other players are standing or moving around in the foreground area. The overall scene depicts a lively atmosphere at a sporting event.

A black and white photograph of a large group of students, likely a school band or choir, posing on a stage. The students are arranged in several rows, with some holding instruments. Handwritten annotations in blue, red, and black ink are visible on the photo, including names like 'Craig', 'me', 'wife', and 'Lyn', along with circles highlighting specific individuals.

Band is more than just playing a few notes. This year's band had the honor of being Washington State's representative to the Fiesta Bowl. This meant months of hard work, including cutting wood, & bake sales, among other things. In December the band finally took off. They had a good time in Disneyland and performed well in Phoenix. They came home expecting the work to be over, only to be greeted by stacks of homework. Congratulations on a job well done.

Judy,
Hi!
So you're a senior
now, huh? I guess
you find that pretty
exciting, which is
good. Personally, I
think I'll be too

depressed
in my
senior
year
to
enjoy
it.

at least
I will be a choir member
next year, and if so, who
will teach it? I'll find a good
one. I'll see each
other sometimes.

The hand picked members (we wanted quality rather than quantity) was headed by our editor, Ann Armstrong. Returning this year as experienced photographers were Ken Tuomi, as Photography Editor, and Chad Dahlquist.

Senior members are Anna Frazier (Business Manager), Bill Henry & Dan Butler (Layout), Scott Lowe & Mike Murray (photography). Juniors consist of Cyndy Napier (Assistant Editor), Cathy Pande & Melody Lashley (Gophers).

We decided on the theme "Reflections", and put in 16 pages of color of the senior class, plus had a special cover for the seniors. We also published a record of 900 copies.

Roney Salles Barboza
Country: Brazil

I like U.S.A. because the people is wonderful. I am living here because I want to learn English and the customs of this country. I feel very well in this school. I already have many friends, which help me a lot and they are very nice.

I love the food, specially sandwiches, but I hate cereals!

I am very cold because it was summer in my country when I come here, but I saw snow for the first time in my life, and I think it is great, I loved it very much.

At first I was very hungry at lunch time because that's our big meal, and now I have to eat just sandwches, which is very strange!

Sandra de Castro Jacovine
Country: Brazil

My stay in America is giving me a wonderful experience for sure.

Of course, everything was very different and surprising at first, and now is even better, because I got a lot of friends and can communicate pretty well.

My goodness, I was just frozen in the first months, now, you would not believe, but I got used to that (wearing thousands of clothes of course).

About school? Terrific!!!

The friends? Boy, they are excellent!!!

About the boys? Well, let's talk about it later . . .

P.S. And I love my new family.

Jordi

Jordi Jauma-Bru
Country: Spain

A new school, new people, a new experience, I never thought I would make it. It was hard at the beginning, and a lot of people helped me, esp. Tina.

I want to thank, too, all the people that didn't get mad at me when I opened my mouth too much. (what was 90% of the time)

But most of all, I want to thank my friends: Scott, Tony, Terri, Sherry, and Sara, especially Sara even when she was jealous.

At last, I would like to tell you that I've had more fun this year than in the rest of my short life, especially in that English class.

Lyn Watson
Country: Australia

As I have only been in America for a few short months I have not as yet been able to come to many definite decisions about it. But what I have experienced I have loved. In fact I have developed a definite appetite for the American way of life. Except for the American's addiction to peanut butter and jelly sandwiches and Oreo cookies.

Just as I have experienced many new things in America I think that many Americans that I have come in contact with have learned new things about Australia. I think most of them now realize that Australians do not speak "Australian" but they in fact speak English. They do not eat kangaroo meat, keep pet koalas or use kangeroos as a mode of transport.

There are many things I hope yet to experience and achieve during my stay here. But just as I hope to learn I also hope that I can share as much about Australia as I can. I have made many valuable friendships since I have been here and I hope that they will continue.

Zorica Luanovic
Country: Yugoslavia

My name is Zorica Luanovic and I'm an exchange student from Yugoslavia. In this short paragraph I'm suppose to tell you how I like it over here. If I start telling you about everything I do and I don't like, I would need the whole yearbook for it. Because of that, I'm just gonna tell you that I've been here for 6 months and that I enjoyed every minute of it, so far. Things are pretty different than in my country, but I've always liked changes and meeting new people.

The only thing I would like to suggest to you guys is to be more friendly than you are now. There are so many things that you will be able to learn and find out, if you meet and talk to more people.

But, everything else is okay, so don't worry about it - NOBODY'S PERFECT! It was nice talking to you! See you later!!

Special thanks to Cyndy Napier for all her help, and also to Kelly Taylor who spent many a sixth period typing for me, and to Jordi Jauma Bru for his "Spanish" influence.

Special thanks to Mr. Mikkelsen and Andy Shepard for their artwork. Also to Mr. Castlemen, Mr. Mikkelsen and Miss Wade for the pictures they submitted. The cover photo is by John Mikkelsen. Also to Mr. Bud Smith for developing our pictures, and to Mr. Taylor for letting me out of 5th and 6th period. Also thank you North Kitsap High School Student Body for being what you are.

Judy,
 well, one year left. Can you believe we've
 made it this far. The trip to Disneyland,
 Phoenix and Las Vegas was great, and I'll
 never forget it, and I don't think you will
 either. All the trips in Drill Team have
 been a lot of fun. Ever since I was little,
 you have always been my friend and always
 stuck up for me. You're probably one of the truest
 and best friends I've ever had. You and
 Katie Stebbins, and Ben there, Janet and Kathy.
 You have been a great friend. Have a
 great summer, see you around. See you
 next year.
